2. CORE DESCRIPTION

The State Drug Task Force Grant Program makes it possible for Missouri to aggressively address the many public safety issues associated with illicit drugs and violent crime. Since the inception of the first statewide drug strategy in 1986, Missouri has implemented many programs focused on drug awareness/education, enforcement, prosecution, rehabilitation, and treatment efforts. These programs have helped improve the quality of life for Missouri's citizens. With the continued funding, the DPS will be able to address the current and future needs of the state relating to drugs and violent crime. DPS collaborates with state and local law enforcement agencies to provide a proactive approach for the public safety of Missourians. The State Drug Task Force Grant program provides funding to drug task forces (DTF) throughout the state for drug related crime response and prevention including equipment/technology for drug interdiction activities.

3. PROGRAM LISTING (list programs included in this core funding)

29CORE DESCRIPTION

The Edward Byrne Memorial Justice Assistance Grant (JAG) Program has been awarded to the State of Missouri to fund projects within the following program areas: 1) Law Enforcement, 2) Prosecution and Court, 3) Prevention and Education, 4) Corrections and Community Corrections, 5) Drug Treatment and Enforcement, 6) Planning, Evaluation and Technology Improvement, 7) Crime Victim and witness (other than compensation), or 8) Mental Health and Related Law Enforcement and Corrections, including behavioral programs and crisis intervention teams. The "less than \$10,000" award allocation is used to purchase officer safety related equipment, such as, but not limited to, ballistic vests, reflective traffic vests, flares and road cones, body cameras, lights and sirens, vehicle partitions, restraints, and medical kits. The remaining award allocation is used primarily to fund the multi-jurisdictional drug task forces to reduce and prevent illegal drug activity and to impact crime and violence often associated with illegal drug use.

The Deputy Sheriff Salary Supplementation Fund (DSSSF) Program was created in FY09 to supplement the salaries of county deputy sheriffs. Section 57.278 RSMo provides for money to be collected from charges for service received by county sheriffs under subsection 4 of Section 57.280 RSMo, and the money collected is paid to the state treasurer and deposited into the DSSSF. The money in the DSSSF shall be used solely to supplement the salaries, and employee benefits resulting from such salary increases, of county deputy sheriffs. The Missouri Sheriff Methamphetamine Relief Taskforce (MoSMART) is designated to administer the DSSSF. Administrative assistance is provided to the MoSMART by the Missouri Department of Public Safety, Office of the Director.

The State of Missouri's original victim assistance program was established under the auspices of the Department of Public Safety by the General Assembly with the adoption of Section 595.050 RSMo in 1981. With the passage of Section 595.100, RSMo (1988), the Services to Victims Fund was established. The Services to Victims Fund consists of money collected pursuant to Section 595.045, RSMo. Upon appropriation, this money shall be used solely for the administration of contracts for services to victims of crime pursuant to Sections 595.050, 595.055, and 595.105, RSMo. Funds are awarded to state and local units of government and private nonprofit agencies to provide direct services to victims of crime. Eligible services include, but are not limited to, direct services, emergency services, crisis intervention counseling, and victim advocacy. This funding is primarily utilized by domestic violence shelters, a rape crisis center, child abuse treatment facilities, law enforcement and prosecutors to provide high quality services that directly improve the health and well-being of victims of crime.

2CAORE DESARIPTIOU

Since 1995 the State of Missouri has been receiving funding through the S.T.O.P. (Services*Training*Officers*Prosecutors) Violence Against Women Grant Program (STOP VAWA) as authorized by the Violence Against Women Act (VAWA) and subsequent legislation. Federal guidelines require that at least 25 percent of each year's grant award to the state be awarded for law enforcement programs, at least 25 percent for prosecution programs, at least 5 percent to court programs, and at least 30 percent for nonprofit, nongovernmental victim service programs. Of the 30% allocated for victim service programs, 10% must be allocated to culturally specific community-based organizations. These are statutory requirements. The remainder of the funds may be spent at the discretion of the DPS Director to address the statutory program purposes of this program. Further, 20% of the total amount granted shall be allocated to projects in two or more allocation categories that meaningfully address sexual assault. In distributing funds, Missouri must give priority to areas of varying geographic size with the greatest showing of need, take into consideration the geographic population of the area to be served, equitably distribute monies geographically including non-urban and rural areas, and ensure that the needs of previously underserved populations are identified and addressed.

The Office for Victims of Crime, Crime Victims Compensation Program (CVC) provides financial assistance to eligible crime victims/family members who have suffered harm as a result of violent crime. In the case of death, the CVC may help the victim's legal dependents. The CVC is designed to assist victims/family members of violent crimes through a period of financial hardship as a payer of last resort. If a victim has exhausted other sources of compensation, such as health insurance, and has no other source of reimbursement, CVC may help pay for crime related medical costs, wage loss, psychological counseling, funeral expenses and support for dependent survivors up to a maximum limit of \$25,000. Eligibility for the CVC is determined through an application process. A portion of funding for the program comes from court costs assessed in criminal prosecutions. Additional funds are received from a federal formula grant from the U.S. Department of Justice, Office for Victims of Crime. DPS-OVC administers the VOCA Compensation grant that is a funding source for the CVC program. This federal formula grant is separate from the VOCA Assistance program administered by DSS. Effective July 1, 2008 medical providers in Missouri are prohibited from charging victims for a sexual assault forensic exam or charges incurred in collecting evidence during the exam. The DPS-OVC, Sexual Assault Forensic Examination (SAFE) Program pays medical providers directly. The Child Physical Abuse Forensic Examination (CPAFE) began in 2016, and pays professional fees for SAFE-CARE providers who perform forensic examinations to collect and preserve evidence on children under 18 who have been a victim of physical abuse in Missouri; or provide a case review of previously gathered photographs, medical records, or investigative information provided by a multi-disciplinary team on children under 18 who have been a victim of physical abuse in Missouri. Both the SAFE and CPAFE programs are first payers. Per 11 CSR 30-12.020 (8) and RSMo 595.220.6 RSMo, victims should NOT be billed for any forensic exam charges eligible through either program.

2410RE DES1RPT5.

The Peace Officer Standards and Training Commission disburses funds from the Peace Officer Standards and Training Commission Fund to law enforcement agencies to pay for the costs of Continuing Law Enforcement Education training for law enforcement officers or technical or professional training for non-commissioned personnel employed by a law enforcement agency. To be eligible for disbursement, courts shall assess a surcharge of \$1 in each criminal case pursuant to Section 488.5336 RSMo. Monthly, the county or municipality will forward the collected surcharges to the Missouri Department of Revenue to be deposited to the Peace Officer Standards and Training Commission Fund. Distribution of these funds is made annually with agencies contributing less than \$500 receiving \$500, and agencies contributing in excess of \$500 receiving a percentage of their contribution determined by the difference between the total contribution less the total amount of agencies receiving \$500. The entire formula for funding is located in 11 CSR 75-16.010. The core request of \$950,000 will continue to allow the Department of Public Safety to assist law enforcement with their continuing education costs.

This provides funding for body worn cameras and storage for officers of the Missouri State Highway Patrol and Capitol Police. Many law enforcement agencies continue to undergo public scrutiny, and citizens have an expectation law enforcement officers will wear body worn cameras during the performance of their duties. Body worn cameras will enhance what is captured and improve officer safety through training and increase agency transparency while providing additional accountability to the public.

This core request is for funding to provide effective and timely communications for the Patrol, as well as to maintain a comprehensive data system. The Information and Communications Technology Division operates a statewide voice communications network, manages various internal telecommunications and voice systems, installs and maintains mobile communications equipment, and is responsible for the operation of the communication consoles and telephone switchboards at each of the nine troop headquarters. It also develops and operates data systems in four major areas (criminal justice, traffic records, administrative records, and computer support), and operates the Missouri Uniform Law Enforcement System (MULES) network, which provides criminal justice data services to regional law enforcement agencies across the state and is linked to the National Crime Information Center (NCIC) operated by the FBI. The Criminal Justice Information Services Division is charged with being the state repository for criminal records.

Pursuant to Section 311.240.4, RSMo, application for renewal of licenses must be filed on or before May 1st of each year. Thus, the Division uses the refund allotment to refund license fees that were paid in advance and not used due to various reasons such as sale of the business. The Division must refund businesses that have paid in advance for a license that was not used. This ensures compliance with Regulation 11 CSR 70-2.150(2), which addresses refunds on licenses.

According to RS Chapters 316, 320, 650, & 701, the Division of Fire Safety responsibilities include investigating fires and explosions in Missouri; fireworks permitting and shooter training and licensing; conducting fire safety inspections in facilities licensed by Mental Health, Family Services, and Health and Senior Services; boiler and pressure vessel safety inspections; training and certification of fire service, EMS, and law enforcement personnel; amusement ride permitting, safety inspections, and accident investigations; elevator safety inspections; the licensing and regulation of blasters and blasting companies; and the oversight of the Division's budget and program planning and policies. The requested flexibility would assist to ensure that the most efficient and effective services are provided. Effective response to changing situations is difficult when working within the boundaries of fixed budgets which have decreased over the last several years. Due to core reductions and restrictions, expense budgets are tight. Flexibility to operate across appropriation lines among all funds is needed to meet statutory obligations and continue providing the best possible service to the citizens of Missouri.

2. Estimate how much flexibility will be used for the budget year. How much flexibility was used in the Prior Year Budget and the Current Year Budget? Please specify the amount.

295 ORE DES5 R.PT.O

The most recent report published by the National Fire Protection Association (NFPA) states an estimated annual average of 18,100 (5%) reported home structure fires started by smoking materials killed an average of 590 (23%) people annually, injured 1,130 (10%), and caused \$476 million in direct property damage (7%) between 2012- 16. In order to reduce deaths and injuries from this preventable tragedy, as well as to decrease property loss from fires due to unattended cigarettes, the 2009 General Assembly passed House Bill 205 and created the Fire Safe Cigarette Act. This Act requires the Division of Fire Safety to regulate the sale of reduced ignition propensity cigarettes. Similar programs have been implemented within State Fire Marshal offices in all 50 states, and proven to reduce the number of cigarette-related fires. Division responsibilities include a certification process for cigarette brand families and individual cigarette styles, including recertification every three years; recertification if the cigarette is altered in any way; notification of certifications to the Attorney General and the Department of Revenue; a monitored testing process; approval of cigarette markings; handling of funds for certification processing; and management of the Cigarette Fire Safety and Fire Fighter Protection Act Fund to be used for the delivery of fire prevention and safety programs. The Division has registered or renewed 4,986 Brand Styles as reduced propensity cigarettes.

291 ORE DES1 RPT5.

This funding provides a wide spectrum of courses at no cost to the fire service, law enforcement personnel, emergency responders, local emergency planning committees, and other state agencies upon request. It is estimated that at least 80% of Missouri's approximate 25,000 fire fighters volunteer their service and often represent departments with little or no budget for training. The intent is to provide emergency response personnel with the most current training available in order to prepare them to respond to lifesaving incidents involving the citizens and visitors of our State. These training programs, from the basic firefighter course to the very complex technical rescue course, represent the most fundamental and integral part of emergency services. Without funding for these programs, the health and safety of firefighters and emergency responders around the state will be directly effected, as well as the countless citizens who depend on an effective response in their time of need. Although not state-mandated, 75% of the fire departments serving populations of 10,000 or more citizens require fire fighter training and/or certification. To charge for training programs is possible; however, to do so would significantly decrease their effectiveness by reducing their exposure to the target audiences. The result would be a sharp decline in readiness, safety, and professionalism of our emergency services.

21CORE DESCRIPTION

World War I Memorial Trust Fund was established during the 2013 legislative session through section 303.3033 RSMo. This section states "whenever a vehicle owner pursuant to this chapter makes an application for a military license plate, the director of revenue shall notify the applicant that the applicant may make a voluntary contribution of ten dollars to the World War I Memorial Trust Fund." "The director shall transfer all contributions collected to the state treasurer for credit to and deposit in the trust fund." "The Missouri Veterans Commission shall administer the trust fund established pursuant to this section. The trust fund shall be used for the sole purpose of restoration, renovation, and maintenance of a memorial or museum or both dedicated to World War I in any home rule city with more than four hundred thousand inhabitants and located in more than one county." This section further states, "The general assembly may appropriate moneys annually from the trust fund to the department of revenue to offset the costs incurred for collecting and transferring contributions pursuant to subsection 1 of this section."

After the budget was passed, additional staff titles were approved to be included. After the approval of the additional staff titles, several staff titles remained excluded. This request provides funding for both the approved staff titles and the remaining excluded staff titles.

The Centers for Medicare and Medicaid (CMS) recently implemented a rule (CMS 3442-F) for long term care facilities to require 3.48 nurse staffing hours per resident day (HPRD). This portion of the rule must be implemented within 2 years of the final rule publication. At least .55 HPRD of care is provided by RNs and 2.45 HPRD of care provided by nurse aides. This portion of the rule must be implemented within 3 years of the final rule publication. The previous standard was 3.00 HPRD. The new rule was effective June 21, 2024.

Overtime is a necessary expenditure in any 24-hour skilled nursing care setting and the Missouri Veterans Homes are no exception. Prior to payroll reimbursement from Corona Virus Relief Funds, this overtime appropriation was exhausted by the middle of the fiscal year. When the authority in this appropriation is fully expended, overtime pay reverts back to the regular payroll appropriation within the Veterans Homes fund.

Veterans has expended more for overtime then was available in the overtime appropriation in four of the last six years. Additionally, the two years that did not exceed the appropriation, CRF funds supported the payment of overtime (FY 21 and FY 22). In a normal fiscal year, the overtime appropriation is fully exhausted mid-year. Additional appropriation authority in the overtime appropriation will allow for greater transparency of the dollars spent.

The Gaming Commission's role is to monitor gaming-related activities to ensure criminal elements do not infiltrate licensed gaming operations. The Commission also works to protect the public by ensuring games are conducted fairly according to rules. The Commission receives its operation funding through licensing fees, direct reimbursements and admission fees, pursuant to Sections 313.800-313.955, RSMo. Remaining net proceeds for each fiscal year are then distributed to various funds by statutory formula. The 96th Missouri General Assembly passed House Bill 1731, which changed the distribution of net proceeds in the Gaming Fund (0286). Under the provisions of this bill, the order of distribution of remaining net proceeds for each fund reads as follows: \$5 million to the Access Missouri Financial Assistance Fund, \$3 million to the Veterans Commission Capital Improvement Trust Fund, \$4 million to the Missouri National Guard Trust Fund, and all remaining net proceeds to the Veterans Commission Capital Improvement Trust Fund.

Fringe benefits for employees of the Missouri State Highway Patrol assigned to Gaming are provided through a retirement and insurance system other than MOSERS and MCHCP. Because of this, state contributions for these fringes are paid directly to the systems and not transferred. It is necessary that specific funds for this purpose be appropriated. Benefits include health and life insurance, retirement and long-term disability, worker's compensation, and the Employee Assistance Program.

The Gaming Commission receives its operational funding through licensing fees, direct reimbursements and admission fees, pursuant to Sections 313.800-313.955 RSMo. Remaining net proceeds for each fiscal year are then distributed to various funds by statutory formula. The 96th Missouri General Assembly passed House Bill 1731, which changed the distribution of net proceeds in the Gaming Fund (0286). Under the provisions of this bill, the order of distribution of remaining net proceeds for each fund reads as follows:\$5 million to the Access Missouri Financial Assistance Fund, \$3 million to the Veterans Commission Capital Improvement Trust Fund, \$4 million to the Missouri National Guard Trust Fund, and all remaining net proceeds to the Veterans Commission Capital Improvement Trust Fund.

2. CORE DESCRIPTION

The State Emergency Management Agency (SEMA) is the state of Missouri's coordinating agency for disaster planning, response, and recovery. SEMA works with other state departments and agencies, local and federal governments, and volunteer and faith-based organizations to ensure coordinated and efficient management during large scale emergencies and disasters. When a disaster occurs that exceeds the recovery capability of local and state resources, SEMA assists the Governor in compiling information necessary to initiate a request for federal disaster relief funds. When a disaster is declared by the President, SEMA administers the funds for relief purposes and functions as the liaison between other state agencies, affected local subdivisions, and the federal government. As confirmed by a hazard vulnerability analysis, Missouri has a long and varied disaster history, thus; a potential exists for repeated catastrophes and disasters - both would threaten life and property in Missouri. SEMA is also responsible for administration of the National Flood Insurance Program within Missouri. Other duties include the year-round administration and dispersal of federal funds to local governments for emergency management activities, year-round coordination of planning and response activities for public health emergencies and the on-going training and exercise program for local government officials. SEMA is responsible for assisting local governments in developing local emergency operations plans, which will increase their capability to provide for the protection of their population from disasters.

The Missouri Emergency Response Commission (MERC) is responsible for administering the state and federal Emergency Planning and Community Right-to-Know Act (EPCRA). Industries affected by this legislation are required to report to the MERC annually to comply with state and federal laws. Fees are collected annually according to established reporting procedures. The MERC provides response and mitigation training of hazardous chemical accidents to Local Emergency Planning Committees or Districts (LEPCs & LEPDs), and Fire Departments. The MERC assists the LEPCs & LEPDs in the development and review of hazardous materials plans and serves as a distribution point for the Federal Hazardous Materials Transportation Uniform Safety Act funds of 1990 (HMTUSA) for training and planning grants.

**STATE OF MISSOURI
FUND FINANCIAL SUMMARY**

DEPARTMENT: DPS

FUND NAME: Veterans Commission Capital Improvement Trust Fund

FUND NUMBER: 1304

Revenue Source	Revenue sources include transfers from the Gaming Commission Fund, federal construction grant reimbursements, and burial plot allowances from the United States Department of Veterans Affairs.
Fund Purpose	The Veterans Commission Capital Improvement Trust Fund was created by statute to fund the construction, maintenance, renovation and capital needs of veterans' homes and cemeteries. It was also created to fund operations of the Veterans' cemeteries and to maintain the solvency of the Veterans' Home Fund. The statute also allows for funding administration of the Missouri Veterans Commission, Veterans' Service Officer grants and medals and medallions.
Explanation of Unexpended Appropriation Amount	Unexpended amounts include capital improvement appropriations. These CI projects must be appropriated in full prior to the federal VA awarding the Capital Improvements grants. Additionally, transfer authority to maintain Homes fund solvency is set at \$30M. In previous FYs, MVC has not needed the full authority, but as Homes fund experiences revenue shortfalls beyond the capability of this fund, MVC relies on other funding to support the operations of the Veterans Homes.
Explanation of Other Amounts	No other amounts
Explanation of Outstanding Projects	Some construction projects are outstanding due to the lack of funding to support the appropriation authority
Explanation of Cash Flow Needs	Cash flow needs are significant due to the reduction in Gaming Revenue
Other Notes	MVC does not currently receive additional revenue support. Homes fund revenue shortfalls due to census reduction puts more strain on this fund which in turn decreases MVC's ability to focus this funding source on maintenance, repair and capital improvement projects.

Totals include Non-Counts.

**STATE OF MISSOURI
FUND FINANCIAL SUMMARY**

DEPARTMENT: DPS

FUND NAME: Missouri Veterans Homes Fund

FUND NUMBER: 1460

Revenue Source	Major revenue sources include per diem payments from the United States Department of Veterans Affairs, resident room and care charges, transfers from the Veterans Health and Care Fund, and transfers from General Revenue and Budget Stabilization funds.
Fund Purpose	Fund operations of the seven Missouri State Veteran Homes
Explanation of Unexpended Appropriation Amount	Due to a drastic decrease in Gaming Commission revenue, and Veterans Administration per diem reimbursements, cash flow does not allow for full expenditure of appropriation.
Explanation of Other Amounts	Not Applicable
Explanation of Outstanding Projects	Not Applicable
Explanation of Cash Flow Needs	Governor has recommended General Revenue support to cover payroll increases as well as the Veterans Administration severe cash flow shortage which was caused by census reduction.
Other Notes	Homes program has made significant reductions in the operating budget to account for the severe revenue loss. MVC cannot continue to operate without additional funding support. Veterans Commission Capital Improvement Trust Fund was previously used to maintain fund solvency, but this has caused severe deferred maintenance at the Homes and Cemeteries. VCCITF cannot maintain Homes fund solvency.
